## Pricing. Indispensable Situational Analyses

### BASIC DIFFICULTY LEVEL:

- . **Starting price:** 2.000 EUR
- . **Criteria:** suitable for individuals or teams with limited experience in situational analysis or decision-making processes
- . **Argument:** at the basic difficulty level, indispensable situational analysis services focus on fundamental aspects such as data collection and analysis, SWOT analysis and clear communication. These services cater to individuals or teams who may be new to situational analysis and require assistance in gathering relevant data, identifying strengths, weaknesses, opportunities and threats and effectively communicating findings. The emphasis is on providing guidance and support to ensure that decisions are informed by a basic understanding of the situational landscape

### INTERMEDIATE DIFFICULTY LEVEL:

- . **Starting price:** 2.500 EUR
- . **Criteria:** geared towards professionals or organizations seeking to enhance their analytical capabilities and strategic planning processes
- . **Argument:** intermediate difficulty level indispensable situational analysis services offer more comprehensive support in areas such as strategic planning, risk assessment and stakeholder mapping. Professionals at this stage may have some experience in situational analysis but require assistance in developing strategic plans, assessing risks and identifying key stakeholders. These services focus on enhancing analytical rigor, strategic foresight and stakeholder engagement to support informed decision-making. The emphasis is on improving the quality and depth of situational analysis to drive effective strategies

### ADVANCED DIFFICULTY LEVEL:

- . **Starting price:** 3.000 EUR
- . **Criteria:** targeted towards senior executives, decision-makers or organizations requiring specialized expertise in complex situational analysis
- . **Argument:** advanced difficulty level indispensable situational analysis services involve advanced techniques in scenario planning, environmental scans and regulatory and legal considerations. Organizations at this level may deal with complex business environments, regulatory challenges or industry disruptions that require sophisticated analytical approaches. These services offer specialized expertise to anticipate future scenarios, identify emerging trends and navigate regulatory complexities. The emphasis is on providing strategic insights and actionable recommendations to address complex challenges and opportunities

### CHALLENGING DIFFICULTY LEVEL:

- . **Starting price:** 5.000 EUR
- . **Criteria:** designed for organizations facing critical strategic decisions, disruptive changes or systemic risks
- . **Argument:** challenging difficulty level indispensable situational analysis services address critical issues such as continuous monitoring, training and capacity building and ensuring adaptability. Organizations at this level may encounter situations where agility, resilience and innovation are essential for survival and growth. These services involve proactive monitoring of changing dynamics, building organizational capabilities to respond effectively to challenges and fostering a culture of continuous learning and adaptation. The emphasis is on equipping organizations with the tools and capabilities to navigate uncertainty and capitalize on opportunities in dynamic environments

By categorizing Indispensable Situational Analysis Services into these difficulty levels, individuals and organizations can identify their specific needs and select the appropriate level of support to enhance their analytical capabilities and decision-making processes. Each level offers tailored solutions and strategies to address specific challenges and optimize the effectiveness of situational analysis in supporting organizational objectives.
